

# Global Engineering Resins

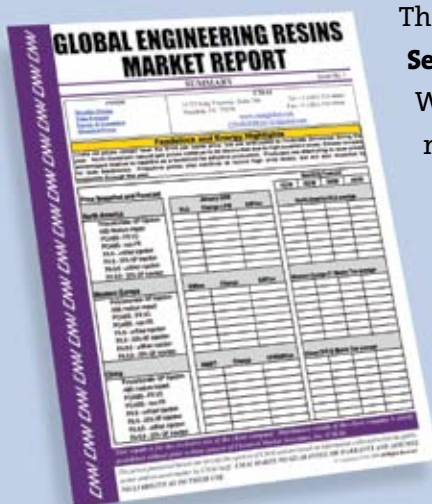

To enable CMAI to bring our clients the experience and expertise required to continue providing the highest quality in our consulting services, we have expanded our analysis and staff of professionals into the engineering resins market. By dedicating an experienced team of consultants and database experts to cover the global engineering resins markets, CMAI offers the

industry's most concise package of analysis, interpretation and forecasting. The **Global Engineering Resins Market Advisory Service**, including the **Global Engineering Resins Report** provides a comprehensive view of the world markets for engineering resins and their relationships with upstream feedstocks and downstream end-use markets.

With decades of experience in the petrochemicals and plastics consulting business, CMAI brings a staff of seasoned professionals with experience in marketing, purchasing, production, R&D, technical service, commercial development

and market research. CMAI has combined this expertise with the most sophisticated database technology available for obtaining and disseminating information. Through continual, one-on-one contacts with numerous significant industry sources, CMAI consultants gather and study data specific to the global engineering resins industry, then analyze and translate it into useful information and advice for clients.

**If your challenge is to understand the complex and ever-changing engineering resins industry, CMAI's Global Engineering Resins Market Advisory Service will provide you with the knowledge you need for business success.**

The **Global Engineering Resins Market Advisory Service** provides price indices for North America, West Europe and Asia Pacific for engineering resins; nylon, polycarbonate, ABS and polypropylene. Monthly market coverage, rotating analytics on special focus topics each month, cash margin analysis, supply/demand balances, inventories, operating rates, personalized consultation, online database access and specific data requests for clients are all included in the service.

SERVICE

# GLOBAL ENGINEERING RESINS MARKET ADVISORY SERVICE

**Benefits of the Global Engineering Resins Market Advisory Service include:**

**Market Summary and Market Statistics Supplement.** *This report is issued monthly and includes forecast and historical pricing, commentary on significant events such as operational and trade changes, process economics, discussion of current and near-term supply/demand conditions, and analysis of events affecting future markets. This data supplement includes a market update for the products covered, along with convenient and easy to read tables that focus on global resin trade issues, supply/demand balances, inventories and operating rates.*

**Economy & Energy Overview.** *Clients also receive a monthly email supplement, the **Economy & Energy Overview**. This supplement covers global and regional economic trends, crude oil and natural gas dynamics, as well as insightful commentary from CMAI's Economy Group.*

**Access to CMAI's pricing and economic database.** *Clients will receive a unique username and password to CMAI's website ([www.cmaiglobal.com](http://www.cmaiglobal.com)) that allows access to CMAI's pricing and economics database. This powerful tool is available to clients from any location with web access and is updated weekly with the most current monthly price forecast and cash margin data available. Past issues of the reports and other key data tables are also available on the website.*

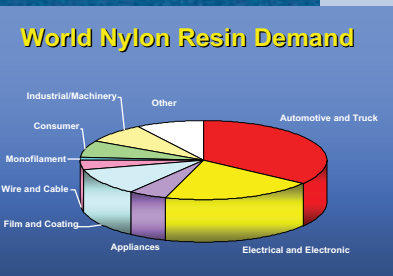

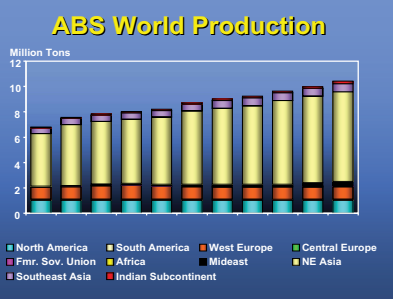

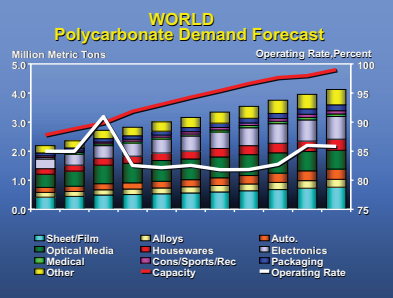

**Access to consultants.** *Included in the service is a reasonable amount of access to CMAI's experienced industry professionals for market advice related to the global engineering resins industry. Furthermore, as part of this service, any data or graphic contained in the monthly reports can be emailed to clients by CMAI's Client Service Representatives.*

CMAI constantly strives to increase the value of our client's business and the **Global Engineering Resins Market Advisory Service** provides the information advantage you need regarding global engineering resins markets! To order this service, contact CMAI at 1-281-531-4660 or email us at [cmai@cmaiglobal.com](mailto:cmai@cmaiglobal.com).

Clients benefiting from the **Global Engineering Resins Market Advisory Service** will also find useful the information and forecasting advantages presented in CMAI's comprehensive annual worldwide studies related to engineering resins.

These include:

- **World Polycarbonate & ABS Analysis**
- **World Nylon Resins Analysis**
