For Immediate release:

CMAI Launches PET Stream Market Advisory Service

Houston, TX – Chemical Market Associates, Inc. (*CMAI*) announces the launch of the **PET Stream Market Advisory Service**, adding further depth and breadth to the products CMAI covers across the chemicals sector. Along with day-to-day contact with the key industry players, CMAI's consultants from all global offices will use their industry experience and expertise to provide clients in the PET packaging resin industries a global view of the entire PET supply chain from paraxylene and monoethylene glycol through terephthalic acid and PET.

The **PET Stream Market Advisory Service** focuses on the global PET industry and includes:

- A weekly emailed report highlighting pricing and market dynamics.
- A monthly summary report that provides updates on pricing/economics, supply/demand and trade, as well as forecast information for all related products.
- The ***Economy & Energy Overview Report***, emailed to clients monthly, supplements this service with analysis on the global and regional economic trends and valuable data on crude oil and natural gas dynamics.
- One-on-one consulting time with respected industry experts.
- Access to CMAI's website price and economics database (historical and forecast price data updated once a week) and unlimited Internet downloads of market reports.

This service not only covers the entire product chain but also provides a global view of the PET supply chain. The service will be led by Chase Willett, Director - Polyester and Polyester Raw Materials, with contributions and analysis from CMAI consultants based in Europe and Asia ensuring that CMAI clients receive a one of a kind consulting experience that delivers personalized attention and timely information.

CMAI is the premier provider of Market, Planning and Business Advisory services offering a unique combination of consulting analytics and expertise for the global chemical, plastics, fibers and chlor-alkali industries.
