For Immediate release:

CMAI Announces New Addition To Growing Proprietary Services Group

Houston, TX – Chemical Market Associates, Inc. (CMAI) is pleased to announce the addition of **Ms. Renée Miller-Mizia** to its expanding global single client consulting group. Based out of CMAI’s New York office as a Senior Consultant in Proprietary Services, Renee brings considerable experience and expertise to CMAI’s growing single client consulting business including advisory services for litigation and financial analysis specific to the petrochemical, resin and fiber markets. Additionally, Renee will be assuming the responsibilities of David Jones, who after faithful and dedicated service to CMAI as Account Manager and liaison for CMAI with the financial community, is retiring.

Renée comes to CMAI with extensive experience in the legal, marketing, and chemical industries, including a strong background in engineering resins. She spent 12 years at GE Plastics as Manager of Market Development, moving into Business Development Manager and finally as General Manager of Total Quality. As CEO of M3 Systems Group, she partnered in the creation, planning and launch of the computer systems, networking and e-business enterprise. Renee also served as a Senior Associate at a consulting company specializing in engineering resins where she focused on single client studies related to market research and strategic analysis. She has also held positions with P&L responsibilities for regional and global business practices.

Renée received a Bachelor of Science degree in Material Science Engineering from Cornell University, and a law degree from Western New England College School of Law.

Rick Cornelius – Executive Vice President of Proprietary Services for CMAI noted, “*CMAI has a well established Proprietary Services organization that delivers specific market analysis and litigation support for our clients around the globe. Adding Renée to our New York office will ensure that CMAI will continue to provide experienced professionals to assist our clients with a growing range of related consulting services.*”
